# Editor's Note

To the members of ABSA - This semester has been an amazing semester for everyone, and we are super honored to be given the opportunity to represent our best sentiments and memories through this informer. We hope that this serves as a collection of the fun memories we've all made this semester.

With Love,  
Administrative Branch

**ALINA XIE**

Executive Vice President

major: accounting  
year: sophomore

what is your dream job?

Be a fitness model. Fitness has always been something that I feel is very important and is not stressed nearly enough to the public. But I also love to work out, be active, and play sports like frisbee, tennis, or ping pong. So if I could get paid to work-out and play sports and post about it, that would honestly be amazing.

what is your favorite ABSA memory?

My favorite ABSA thus far would have to be the out-of-state CFT in Boston during my sophomore year. As part of the branch that organized the CFT, I was stressed about the execution but that allowed me to get closer with other members of my branch, and the entire trip gave me the opportunity to make so many new friends. From visiting Liberty Mutual and IBM to eating a 28-inch pizza to eating the best cannolis in the country to screaming at the top of our lungs at karaoke; that trip with those people is something I will cherish for the rest of my life.

name the top five things on your bucket list

1. hike to the very bottom of the Grand Canyon (and come back up hopefully)
2. Visit Italy and see the Birth of Venus painting and the Sistine Chapel ceiling
3. Own a Shiba Inu dog and/or a Sphynx cat
4. Swim with manta rays
5. Donate money I earned towards a non-profit organization I'm passionate towards
- 5 1/2. Meet (and marry) Hwang Hyunjin from the K-pop group Stray Kids :')

what is one thing that you love about yourself?

My ability to understand others. I think empathy is one of the most important traits someone can possess, and I try my best to consider and share the feelings of others in all that I do.

**SANMAY SETH**

Professional Vice President

major: management information systems  
year: junior

if you could give one piece of advice to your freshman self, what would it be?

I would tell myself to remember that it's okay to not be okay. Life isn't easy! You can't expect yourself to always feel happy and amazing because that's exhausting and unrealistic. You're going to go through rough patches and you're going to want to give up. That's okay! Take care of yourself, first and foremost, and then get back into the swing of things. Things will work out. :)

what is your favorite thing about UT Austin?

My favorite part about UT is how welcoming and accommodating it is. No matter who you are or where you're from, you will definitely find the place where you belong here.

**SHIVAM AGGARWAL**

Internal Vice President

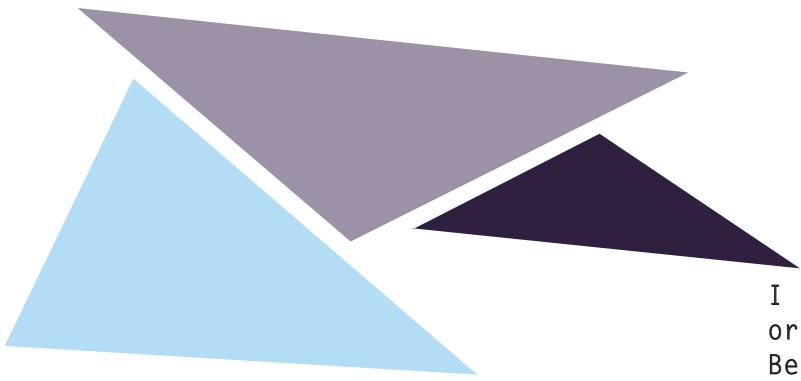

major: environmental engineering  
year: junior

why did you join ABSA?

I first learned about ABSA during orientation because of a free t-shirt! Before college, I didn't think that organizations could provide more than professional development, but ABSA proved me completely wrong. In this organization, I've found a community filled with caring and genuine people who are always willing to help. My favorite memories in college have been either at ABSA events or with ABSA friends. Honestly, I signed up because I thought \$50 was a great deal to get access to volunteering and professional events, but now I realize that the memories and friendships are priceless :)

what is your dream job?

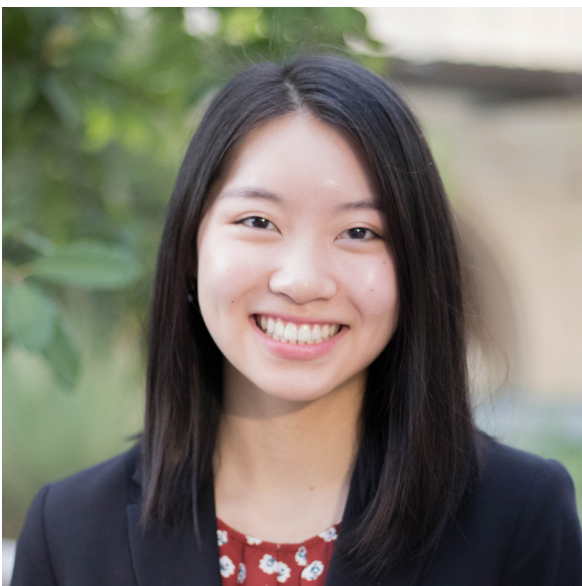

My dream job is to be a beauty and lifestyle YouTuber! I love the idea of being my own boss and creating relatable content. I also love capturing memories, and videos are a great way of doing that. My actual career goal is to open my own dental practice. I truly enjoy helping others, and I want to do that through dentistry!

**ASHLEY WU**

External Vice President

major: accounting, pre-dental  
year: sophomore

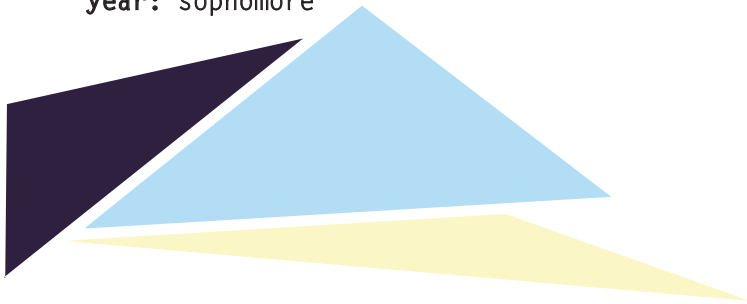

**MATTHEW ONGHAI**

Administrative Vice President

major: computer science  
year: sophomore

name the top five things on your bucket list

1. Go skydiving
2. Live in a big city
3. Be able to go to a restaurant and not look at the price tag
4. Give back to my parents and be able to retire them
5. Be fluent in 3 languages

what is your favorite tv show?

TV show would have to be The 100. It is this really awesome Sci-Fi show that's set in this future dystopia. It is a show that always keeps me on my toes, and has me engaged through the story plot, and while there is a consistent theme through all the seasons, the writers are still able to make it interesting everytime and it is so great 10/10 recommend.

what's your favorite thing about UT Austin?

The University of Texas at Austin is a special environment - smart enough to rival some of the top schools in the nation, but degen enough to be able to have some fun. The fact that we each have 49,999 other people to meet means that there's always somebody to learn about, sympathize with, and be supported by. I love how UT can start to feel extremely small once you find your home, but still have the resources of a gigantic university.

what is one thing that you love about yourself?

I love that I don't take myself too seriously. More often than not, people forget that everyone sees through the image people put up for themselves, and I believe that being yourself is the best favor you can do for yourself. Also I played minecraft before it was cool

**JADE YENG**

Academic Vice President

major: accounting  
year: junior

if you could give one piece of advice to your freshman self, what would it be?

Understand that you have to make sacrifices in life. Time is precious. As much as you want to have the highest grades, be the fittest you've ever been, spend all the time with your friends and family, have a perfect defined career path, and get enough sleep, the only thing stopping you is time. You will get tired and an area of your life will falter. Don't be afraid to let some things slide to make time for another. You're human, you're not perfect, always reach out to others when you need to.

why did you join ABSA?

Unlike most of the ABSA members, I joined as a sophomore. As a freshman, I focused solely on my GPA and pushing towards a career in finance. Coming out of my first year, I realized that I had plateaued. You can only go so far alone. I joined ABSA to find a group of friends who share a similar background and have similar goals. I can safely say that the people I met in that first year have become friends and family.

# BOAT PARTY

To kick off the semester, we held our annual boat party down on the Colorado River! While some of us went out and swam in the water, others opted to play games on the boat instead. Overall, it was a lot of fun spending time together on the water.

Every year, ABSA spends one weekend camping together at Windy Point Park. Staying outdoors for that long was tough, but the burgers, s'mores, and company made it worthwhile!

For our annual Houston Company Field Trip, we had a chance to visit HP and EY where we were hosted by our very own ABSA alumni, Lissa Zhang and Josh Hu. At HP, Lissa talked to us about their products, their patented laptop technology, and gave us a tour of their client solutions center where large companies, like Dreamworks, come in and learn about HP products. At EY, Josh spoke to us about how his roles in ABSA as a VP and President greatly helped him in the workplace today and then we got the chance to listen to four panelists from across the firm give their take on what it's like transitioning from college life into professional life.

# DODGE FOR A CAUSE

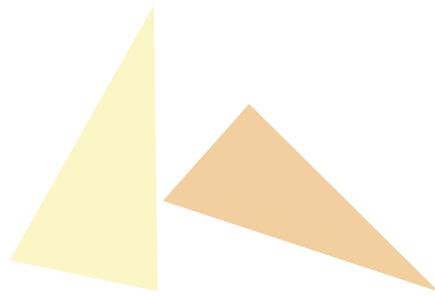

ABSA hosted our 19th annual charity dodgeball tournament with ALPFA, HBA, and WBA. The event was a success, raising over \$800! All the proceeds went to Well Aware, a local non-profit that focuses on providing the most cost effective way to save and impact lives through redefining water aid delivery and management in East Africa.

# CHARITY SERVICE AUCTION

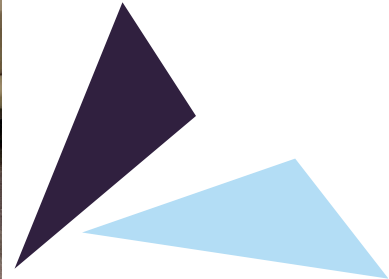

Every year, ABSA seeks to support Texas Thon and ultimately Dell Children's Medical Center. Our Financial directors Sonia Abraham, Joanna Ma, and Cindy Wang conducted an auction to "sell" services provided by the members of ABSA. Some of the services this year included Junai, goodies from Japan, and .... cuddles? Thanks to all the members of ABSA who provided services and made bids, we were able to raise \$1,054 for charity!

Student teams had the opportunity to participate in a 3-day case competition based around creating their own startup idea with the aid of actual entrepreneurs in Austin's own startup community. This year's theme revolved around environmental sustainability for students, and participants created a variety of ideas from mobile applications to physical products.

At the Alumni Tailgate, the current students met with ABSA Alumni (on a bougie rooftop) and talked and played games, watched the UT vs. Iowa game, and chowed down on 300 wings from Wingstop! Members had a great opportunity to network with Alumni and spend some time enjoying a suprisingly warm day in the middle of November.

Academic Directors Olivia and Emi planned a workshop that taught attendees how to deal with confrontation, outlining effective methods of how to deal with issues, and how different backgrounds influence different confrontation styles. In splitting up into small groups, people were able to share their experiences, and we played a fun game of Avatar themed Mafia in order to practice using confrontation!

# MASTERING THE ELEMENTS OF CONFRONTATION

# AUSTIN TREK: DELL EDITION

This semester we headed to Dell HQ in Round Rock, Texas for our Austin Trek. We got to learn more about Dell's vision, the impact they're trying to make within the community, and new projects that will help them achieve these goals. The Dell employees also took us on a tour of the Executive Briefing Center, where clients go to find out how Dell can fit into their business/technology needs, as well as the customer solutions center, where clients test out specific products and services that will be integrated into their company. We ended the Trek with a panel consisting of members from their various development programs alongside pizza from Brooklyn Pies.

# CASA DE MIEL VOLUNTEERING

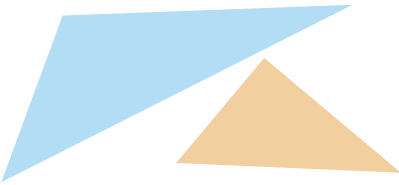

ABSA recently volunteered at Casa De Miel, where we cleaned pastures, brushed up stables, and dug paths for a garden. We also befriended some dogs and horses! Overall, the group had a lot of fun together as they worked through the afternoon.

# IM SPORTS

This semester, ABSA participated in IM Volleyball, Football, and Basketball. Though we may not have placed, our teams fought hard and represented our organization well!
